## PEARY'S SAFE RETURN

The Arctic Explorer Returns From the Land of the Midnight Sun.

FAILED TO RECAP THE NORTH POLE.

Interesting Account of His Perilous Journey in the Regions of Perpetual Snow and Everlasting Ice.

Sydney, N. S., Sept. 18.—Lieutenant Peary on his arrival here said: "Our expedition did not reach the north pole, but we made most important scientific discoveries. We are all well and glad to get back to civilization."

The Peary Arctic club steamer Windward, Captain S. W. Bartlett, arrived here from Cape Sabine.

Peary sent to the club the following report of the operations of the expedition since Aug. 9, 1901:

"Left at Erik harbor, on the Ellesmere coast, Aug. 29th. The party reached Payer harbor Sept. 16, crossing Roosevelt bay partly by sledge and partly by boat, then walking across Bedford Pim. About a week later my Eskimos began to fall sick, not one escaping. By Nov. 19th six adults and one child were dead, nearly all the others very weak, but out of danger.

"Early in January Eskimos came across from Anvik, bringing news of the ravages of a fatal epidemic through the tribe. Word was sent back by these scouts for as many of the survivors as could come to me and by the end of the month they began arriving. In February a large depot of dog food was established near Cape Louis Napoleon, some 60 miles north of Sabine. On March 3rd, my advance party of six sledges in charge of Hensen, left for Conger. March 6 started with the main party of 18 sledges, leaving Percy in charge at Payer harbor. Conger was reached in 12 marches, arriving within an hour or two of the advance party. My supporting party of Eskimos returning from Conger brought down the instruments, chronometers and Arctic library. Eight marches more took us to Cape Hecla. The north end of Robinson channel was all open across to the Greenland coast, lakes of water extending northward as far as could be seen from Black Cape and Cape Ramsome. From Hecla another supporting party returned.

"April first, started northward over the Polar sea with Hensen, four Eskimos and six sledges. Old floes covered deep with snow and intersected with rubble ridges and lanes of ice were encountered from the moment we left the ice foot. The same kind of traveling, except the lanes of young ice, as found by the English expedition of 1876. After six marches open lands, floes in motion were encountered. Two natives were sent back. As we advanced the floes became smaller, the pressure ridges on a grander scale, and our general course deflected west by the character of the ice. Finally at 54.17 N. lat., northwest of Hecla, the Polar pack became impracticable and further efforts to advance were given up. New leads and pressure ridges with foggy weather made our return in some respects more trying than the advance.

### Early Break of Ice.

"The ice broke up earlier than in 1901, and Payer harbor was blocked almost continuously. The Windward bored her way through the ice and entered the harbor the morning of Aug. 5 and got out again the same afternoon with scarcely 15 minutes to spare before the harbor was closed by the ice. Forcing our way across Smith Sound, my Eskimos with their belongings were landed in Ughfield gulf. Several days were devoted to hunting walrus, then the Windward started south, reaching and leaving Cape York the afternoon of Aug. 28.

"The summer voyage has been without mishap and the Windward, with her engines, has made as good time as the larger and more powerful ships that have been going north the last 10 years. The year at Payer harbor was passed comfortably, though an anxious strain caused by the ravages of disease among my faithful people, was not light. Food was abundant and our supply of musk ox and deer meat continued throughout the year. The northern sledge trip in the spring was arduous, but not marked by special exposure, suffering or danger more than is necessarily incidental to serious Arctic work.

"Equipment and personnel were satisfactory and further advance was vetoed by insuperable natural conditions. The Windward has on board the instruments, chronometers and

Arctic library abandoned by the Greely expedition and numerous specimens of natural history, bear, musk ox, reindeer and walrus skins.

"The skeleton of a two-horned narwhale, a rare Arctic specimen, also living specimens of musk ox, walrus Arctic hare and Eskimo dog, are also on board.

"The anchor and chair lost by Erik last summer is on board. The Fram left Godhavn about Aug. 20, bound home. The little schooner Forget-Me-Not, which was caught in the ice at Cape Haven last year, is now on her way to St. John."

This report, signed by Peary, is addressed to Secretary H. L. Bridgman of the Peary Arctic club. Peary will go to New York and the Windward will probably go to Newfoundland.

## ANOTHER ADJOURNMENT.

Many Members of Legislature Go to Cincinnati Festival.

Columbus, O., Sept. 18.—By joint resolution both branches of the legislature adjourned till next Tuesday. Many of the members went to Cincinnati to attend the fall festival.

The special code committee of the house continues its work of making vital amendments to the Nash bill. An important act was the vote to increase from 10 mills to 15 mills the tax limit in municipalities. The committee voted to incorporate in the bill the Comings health code, enacted at the last session. This action was desired by the state board of health and many of the local boards.

The Seese school code was introduced in the house. It provides for the election of a board of education, consisting of one member from each ward, who shall serve for a term of three years. One-third of the board goes out of office each year. The board appoints a superintendent, who is subject to removal at any time for or without cause. The superintendent is authorized to appoint all teachers, but his appointments can not go into effect until they are approved by the board. The business branch of the school system is left entirely in the hands of the board. In case there is an even number of wards there shall be one member of the board elected at large. The superintendent may not dismiss a teacher without the approval of the board.

## FOREST FIRES.

A New One Reported Just West of Yellowstone Park.

Washington, Sept. 18.—A new forest fire is reported in the official telegraphic advices to the interior department to be raging in the section of Idaho just west of Yellowstone National park and about 15 miles north of St. Anthony, Idaho.

A telegraphic report from Forest Supervisor Henry Michaelson, dated at Kenosha range, Colo., announces an abatement of the fires in that region. His jurisdiction includes the Pike's Peak, South Platte and Plum Creek reserves, which, he says, are now clear and he can serve in any other section where fire-fighters are needed. He telegraphs:

"Fire well under control. Am preparing to disband and break up the camp."

The register and receiver of the land office at Olympia, Wash., telegraphed that so far as they can learn, there is no danger to the timber on the public lands in the vicinity of Buckler and Enumclaw and the fires in that section are practically under control.

## Killed a Burglar.

Ford City, Pa., Sept. 18.—Carl Richard, operator on the Allegheny Valley road at this place, shot and killed a man who attempted to burglarize the station. The burglar wounded the plucky operator by shooting point blank at him. The bullet clipped off the upper part of his right ear, but he seized his revolver and fired two shots at his assailant. One of the bullets struck the burglar in the right thigh and the other entered the roof of the mouth, killing him instantly. Two companions who remained outside on guard escaped and have not been captured. The dead man was identified as Charles Andrews, who was recently released from the western penitentiary.

## PRESIDENT CASTRO

Will Attack the Revolutionary Army Under General Mendoza.

Willemstad, Island of Curacao, Sept. 18.—President Castro of Venezuela, considering that the situation of General Garrido, his war minister, is eminently critical at Valencia, has marched to assist him with 3,700 men. The president crossed Los Teques river during Wednesday and continued the same day his march to Valencia. His army is carrying many sick men with it. According to report President Castro will attack the revolutionary army under General Mendoza at Tocuyito. General Matos, the revolutionary leader, is still at Orituco.

## NORD ARMY REPULSED

Forces of Haitian Provincial Government Sustain a Defeat.

GREAT ANXIETY AT CAPE HAITIEN.

The Enemy Is Reported to Be Advancing On the City and Another Battle Is Expected.

Cape Haitien, Haiti, Sept. 18.—The forces of the provisional government of Haiti, commanded by the war minister, General Nord, have sustained a severe defeat at Limbe.

General Nord, at the head of 3,500 men, attacked Limbe at 9 a. m. Sept. 17, and after desperate fighting lasting three hours, the general abandoned his positions, guns and war munitions and left a great number of dead and wounded, including several generals, on the field.

The population of Cape Haitien is in a state of anxiety. The enemy, to the number of 4,000 well armed men, is advancing on the place. Another battle before the town is imminent.

## ARGUMENTS HEARD

Upon the Legal Status of Porto Rican Immigrants.

New York, Sept. 18.—United States Circuit Judge Lacombe has heard arguments relative to the legal status of citizens of Porto Rico who emigrate to this country, and will shortly decide whether they are aliens under the existing immigration laws or legally have a right to enter the United States without interference from the immigration authorities.

Counsel for the defendant called the court's attention to the recent insular decision, and said merchandise of all kinds is admitted free from our new possessions "except human beings." Opposing counsel insisted that the defendant is an alien and that an absolute act of congress declaring Porto Ricans citizens of the United States is necessary before they can be landed here without the supervision of the immigration authorities.

## Timber Goes Up In Smoke.

Denver, Sept. 18.—Forest fires are sweeping bare of timber sections of the Rocky mountains from the Wyoming line to central Colorado. The fires are spreading with terrible rapidity and conditions are more serious now than at any time since the first fire was reported about a month ago. Government inspectors and forest brigades are doing all in their power to check the progress of the flames and are receiving all possible assistance from ranchers and mining men. In some places the fires have been checked but not subdued. The greater portion of them, however, have gained such headway that, with the limited force of fire fighters and other means at hand, the government officials can see but little hope of successfully extinguishing the flames and must necessarily allow them to burn themselves out.

## A Bankrupt Prince.

London, Sept. 18.—At a meeting of the creditors of Prince Victor Dulep Singh, who was declared a bankrupt Sept. 4, the chairman said the prince's debts amounted to \$471,600, of which \$360,000 was secured. The debts were attributed to stock exchange speculation and gambling. Among the assets is a claim for \$3,000,000 against the Indian government with respect to the estate of the bankrupt's father. The prince ascribes his bankruptcy to the "ridiculous insufficiency" of his allowance from the Indian government. To maintain his position the prince received \$35,000 yearly and his wife received \$10,000.

## To Raise Revenue In Paris.

Paris, Sept. 18.—A deficit in public funds here is becoming as troublesome as the national deficit. The authorities are now collecting a new tax of one-half of one per cent on rentals in order to supply the revenue lost by the remission of the taxes on so-called "hygienic drinks"—wine, beer and cider. To meet the further deficit of \$1,600,000 next year, due to the increased expenditures on public works, the prefect has suggested surtaxes on coal, butter, game, poultry, meat, cheese, etc. It is doubtful whether the government will agree to this step.

## Root's Busy Day.

Washington, Sept. 18.—Secretary Root was at his desk in the war department after an absence of several weeks which he spent in Europe. He at once plunged into the business that has been accumulating.

## BANK EXAMINER

Closes the Doors of a Financial Concern in Syracuse.

Syracuse, N. Y., Sept. 18.—Chief Bank Examiner G. S. Leonard, under directions from Superintendent of Banks Kilburn, took charge of the New York State Banking company, and closed its doors. The bank is in trouble owing to notes of the Onondaga Dynamo company of this city, which failed last week. President D. A. Bonta said: "It is impossible for me to make a statement to the public at this time. The bank has experienced large and unexpected losses; but the action of Superintendent Kilburn is a surprise to me."

The examiner expects to be able to have another bank take up the business rather than put the bank in receiver's hands. The last statement of the bank showed resources \$676,761; liabilities \$620,633, with a surplus of \$20,000 and undivided profits of \$36,000. The capital is \$100,000. The bank was founded in 1852.

## A Perilous Position.

Chicago, Sept. 18.—Suspended only by his hands, McNaughton Wright, a prominent member of the board of trade, hung between life and death for 20 minutes at the top of a grain chute in the Rock Island elevator. When rescued Mr. Wright was exhausted and on the point of releasing his hold, which would have meant a fall of 100 feet to the hard floor of an empty bin, and almost certain death. He had entered the elevator to inspect some wheat. Making a misstep, he fell into the chute, but succeeded in clutching the edge and hanging by his hands. Mr. Wright's calls for help were finally heard by an employee, who pulled him out. He fainted then, and was unconscious for nearly an hour, so great had been the strain.

## Funeral of Banker Fish.

New York, Sept. 18.—The funeral of Nicholas Fish, banker and diplomat, who died on Tuesday in Roosevelt hospital, was held at St. Mark's Episcopal church. Delegations attended from the Society of the Cincinnati, the Historical society and Alpha chapter of Delta Psi fraternity. The pall bearers were G. P. Wetmore, Charles A. Peabody, Frank S. Wetherbee, W. Watts Sherman, George W. Folsom, Commander Rogers, United States navy, Frank N. Pendleton, Dr. J. McG. Woodbury, Talbot Olyphant, Louis L. Lorillard, George E. Dewitt and Richard Martin. The interment was at Garrison on the Hudson.

## Money For Grain.

Chicago, Sept. 18.—Chicago banks are shipping from \$1,500,000 to \$2,000,000 daily to the country banks of the northwest and south and southwest sections of the country to meet the demand of the farmers for actual currency to pay the expenses of harvesting and marketing the grain crop. The movement is in excess of last year's shipments, although the harvesting season is far from being over. It is estimated that over \$7,000,000 will have been shipped by Chicago banks, in bills of \$5, \$10 and \$20 denomination, to the farmers of the Mississippi valley before the crops are all put away for the season.

## In Defense of Automobiles.

London, Sept. 18.—The Pall Mall Gazette voices the general feeling of Great Britain in sounding a note of warning in connection with what it terms the "senseless prejudice" against and "persecution" of motorists. It says: "Great energy and enterprise are concentrated in France, the United States and Great Britain in the invention of new machinery for rapid travel and it is absurd to permit fanatical, unreasoning opposition to strangle or seriously hamper the big industrial development."

## Meat Combine In Klondike.

Seattle, Wash., Sept. 19.—A special from Dawson says: Dawson meat men are organizing a combine to control the stock in the Klondike. Their plans are all matured. Representatives will get together and arrange for the absolute control of all the meat in the market. The combine will have to take care not only of all the stock on hand, but all that have been contracted for, the value of which will amount to more than \$1,000,000.

## Death of Mr. Neff.

Columbus, O., Sept. 18.—A telegram was received at the office of the state board of health announcing the death of William Howard Neff, a member of the board. Mr. Neff died very suddenly at his home in Cincinnati.

## Drummer Suicides.

Crawfordsville, Ind., Sept. 18.—George R. Parsons, traveling salesman for the Michigan Drug company of Detroit, committed suicide here at the hotel Ramsey by turning on the gas. No reason is known.

## COMPLAINT OF CONGER

To the State Department Regarding Recent Boxer Atrocities.

ANOTHER UPRISING IS IMMINENT.

The Minister to China Reports His Actions in Trying to Protect American Missionaries and Property.

Washington, Sept. 18.—China is on the verge of another Boxer uprising, which may equal that of 1900, according to mail advices received at the state department from Minister Conger, dated last month. The troubles appear to arise principally from extortionate taxation combined with resentment against the presence of missionaries, thus justifying the judgment of the department of state, which pointed out to the powers that the demand for excessive indemnities would result in serious international troubles in China.

Mr. Conger's first advice bears date of Aug. 5, from Peking, and he reports serious anti-foreign riots near Chentu, in the province of See-Chuan, in which a number of native Christians had been massacred and chapels destroyed. Mr. Conger appears to have acted with energy upon telegraphic complaints from Dr. Canright, an American medical missionary at Chentu, not only addressing the Chinese foreign office by letter, but calling there in person to impress upon the officials the importance of an immediate and effective action and finally succeeding in causing the removal of the local Chinese officials who had failed to repress the riots.

Mr. Conger incloses with his report the communication that passed between himself, Dr. Canright and the foreign office. Under date of June 20, from Chen Tu, Dr. Canright telegraphed "Cze Chuan, repeating troubles of 1900. Chapel burned, 10 Christians killed; Boxers have been multiplying for four months; officials taxed."

Mr. Conger immediately telegraphed Dr. Canright to demand adequate protection for missionaries and the native Christians from the local officials. He also addressed a note to Prince Ching at the foreign office, stating that there were several American missionaries, and many chapels and converts in Cze Chuan and that it was necessary that immediate provision be taken to stamp out these troubles at their very inception.

## Comments on Hays' Note.

London, Sept. 18.—The United States initiative in protesting to the countries which are parties to the treaty of Berlin of 1878 against the treatment of Jews in Roumania meets with approval here. The Globe, however, the only afternoon newspaper which comments on Secretary Hay's note on the subject, sees nothing in Mr. Hay's action but self-interest. The Globe nevertheless, hopes that it will lead to a check being placed on the wholesale exportation of undesirable persons from western Europe to Great Britain and America.

## Mining Property Burned.

Charleston, W. Va., Sept. 18.—The power house and stables of the Victoria Coal and Coke company at Caperton on New river, were destroyed by fire, involving a loss of \$25,000. The mines had been closed since the strike and were flooded through inability of the management to keep pumps at work. Wednesday a number of families were evicted from houses of the Caperton company. That the fire was the work of incendiaries is generally believed.

## Must Use Rifles.

Montreal, Sept. 18.—The Earl of Dundonald, the new commander of the Canadian militia, has issued a sweeping order, abolishing the sword as a cavalry weapon. Mounted troops, Lord Dundonald declares, must depend for efficiency on the rifle and he recommends that officers and men fit themselves to obtain musketry. The carabines now in use will be replaced gradually by rifles.

## President's Guests.

Oyster Bay, N. Y., Sept. 18.—Rev. Lymna Abbott of New York, and Professor J. W. Jenks were President Roosevelt's guests at luncheon. The president will leave here on his western trip. He will go to New York on the Sylph. He will be accompanied by Secretary Cortelyou and the stenographers and messengers. Mrs. Roosevelt will go as far as New York with him.

Abram Chamberlain of Meriden, Conn., was nominated for governor by Connecticut Republicans.

The rapacious plunderers behind the trusts may as well make up their minds to do the square thing. The people of this country are not going to tamely submit when they know the combines are selling goods to foreigners cheaper than they are selling the same class of goods here in the home markets.

DISPATCHES from Covington state that the Republican leaders of the Sixth Congressional district have decided on Leslie Applegate as their nominee in the coming fight. That was probably settled at the recent Appellate convention in Maysville in order to get Leslie out of Dearing's way in that fight.

DISPATCHES from Washington announce that the Republicans will make strenuous efforts to carry the Third, Fifth, Ninth and Tenth Congressional districts in Kentucky, and will be aided by the National Congressional Committee. That means that some of the "boodle" contributed by the trusts will be used to corrupt the voters of this district. Republicans realize that "boodle" and lots of it is all that will save them this fall.

YEA, V-E-R-Y, Barnes's history is used in one class in the Maysville Public Schools—the seventh grade, seventh year. And it may be added that it has been in use in the public schools all over Kentucky for more years than one has fingers and toes; and as there has been but one—and a part of another—Republican administration at Frankfort in all that time, that pesky history must have been injected into the public schools by some pesky Democratic official.—Public Ledger.

It doesn't matter how long it has been in the schools or who put it there, if it doesn't treat the historical events of the country in a fair and impartial manner, some history that does should be substituted for it.

REPUBLICAN writers who are eulogizing their Congressional nominee, the Hon. W. H. Castner, so highly probably know as well as any one else that he was nominated simply because he had a little more money than the other aspirants, and not because of his ability. A Republican politician, on the day of the convention, just after Mr. Castner's nomination was made, remarked in the presence of the BULLETIN, "He's the weakest one in the bunch." The people of the Ninth district know Jim Kehoe and know he has accomplished more for the district than any one else who ever represented it. And knowing this we believe they will send him back to Washington.

THE refusal of Speaker Henderson to stand for re-election to Congress because he is not in sympathy with the present stand of the Iowa Republicans on the tariff question has got the g. o. p. leaders a goin', in great shape. They hardly know just where they are at, but one thing is staring them in the face now for sure and that is they will have to face the tariff issue in the present fight. The Iowa Republicans are not alone in demanding tariff reform. People all over the country who are being mulcted by the rapacious trusts are not going to keep still and see the greedy combines selling goods in foreign markets for less money than the same class of goods are sold in the home market.

**MAY UNITE.**  
 Northern and Southern Presbyterians May Get Together Next Month.

Two Synods of Kentucky to Meet at Lexington in October—First Time Since the Ante-Bellum Schism.

[Lexington Leader.]  
 The most important meeting of Presbyterians ever held in Kentucky will convene in Lexington on Tuesday, Oct. 14th, the meeting being the centennial anniversary of the establishment of the Presbyterian Church in Kentucky. It will be a joint synodical meeting of the Northern and Southern Synods of this State. This will be the first time they have convened in a joint meeting since before the Civil war, the church having suffered a schism on the slavery question at that period. The Synods meet annually at various cities in Kentucky when all the presbyteries are represented.

At the approaching meeting of the Synods of Kentucky, the centennial of the church's establishment will be observed. The Synod was formed by the actions of the General Assembly of 1802. It embraced all the churches lying west of the boundary between Virginia and Kentucky. Across the Ohio river it covered all the territory west of Columbus and the Scioto river. These boundaries continued for twelve or fifteen years. In 1814 the Synod of Ohio was constituted with the Ohio as its southern boundary, and in 1817 the Synod of Tennessee was established to include all the territory from the Kentucky line to the Gulf of Mexico.

The Synod of Kentucky (South) is to meet in the first church, and the sister Synod (North) in the second church on Tuesday, Oct. 15th. A union meeting will be held in the First Presbyterian Church where special services in commemoration of the anniversary will be held.

At this meeting in all probability special action for the establishment of Sayre Institute as a Synodical college will be taken. Those who have the meeting in charge are planning to have a historical exhibit which shall present to the people a report of the work of the Presbyterians in Kentucky.

Leading churchmen all over the State will be present at the meeting and speak on subjects pertaining to the synod and its work.

While Dr. Daniel Drake lived at Cincinnati, one of his contemporaries was Dr. John Morehead, who was also a man distinguished in medicine. They were utterly at variance, though, and frequently came almost to blows on the streets. Dr. Morehead afterwards returned to Dublin, Ireland, of which city he was a native. The late Dr. Nathaniel Foster of Cincinnati was a nephew of Morehead, and the latter was the means of his (Foster) coming to Cincinnati from Dublin. The latter's widow, who is a sister of the late General W. H. Lytle, still lives in Cincinnati. Both Drake and Morehead were cousins of the father of the BULLETIN's Washington correspondent, though they were in no wise related to each other.

Mr. Frazee Biggers, living near Dover, had two fine horses maimed the past week by a vicious boar belonging to a neighbor.

Mr. Charles Kennan, of Orangeburg, was cutting clover one day this week when the machine struck a rock, throwing him off his seat. He fell on the knives, one hip being painfully cut. Fortunately his horses did not run, otherwise the accident would have resulted more seriously.

All children of the Junior Endeavor societies and Sunday schools of the First Presbyterian, Central Presbyterian and Christian churches are requested to meet at the Central Presbyterian Church Saturday afternoon at 3:30 to practice a song and other exercises for the Christian Endeavor convention.

Mr. Keen Dudley, of Kansas City, and Miss Penelope Hendrick, of Flemingsburg, were married at the home of the bride's mother Wednesday morning at 10 o'clock, Rev. W. C. Lew Wallace, the author of "Ben Hur," was known by our Washington correspondent in the army. He and Henry S. Lane, a native of Kentucky, married sisters, the Misses Elston, of Crawfordsville, Ind., where our correspondent met Senator Lane. Lane and Wallace were neighbors of the late Rev. R. E. Caldwell, a native of Bath County, where Lane was born and raised. General Wallace was a most condescending and agreeable gentleman and soldier, and in appearance resembled our old friend and townsman, Salmon Key, brother of Judge Thomas M. Key.

# "Something More"

Than good Clothing is nowadays necessary to satisfy the average man and boy who wishes to dress well. Not alone must fabric, trimming and sewing be good, but the cut of the garments must be "natty" and up-to-date. It must be apparent to the buyer that the collar, shoulders, lapels and general contour of the coat is just "right." All of these qualities coupled with reasonable prices our Clothing possess. Nothing goes out of our house that does not meet with "our approval" and when it does that you can rest assured "you" will be pleased.

We have two special offerings for this week for persons who want a good Fall Suit at a moderate price. They consist of

**Fall Weight Black Thibet Sack Suits, Made to Sell at \$8.50, Price This Week, \$5.75.**

**Fall Weight Pure Worsted English Clay Worsted Suits, Made to Sell For \$12.50, Our Price This Week \$8.75.**

The quantities we bought these two lots in made it possible to sell them at these figures.

### DIED THURSDAY.

Mr. Hiram Mendell Succumbs to a Stroke of Paralysis.

Mr. Hiram Mendell died Thursday at 3 p. m. at his home in the West End, of paralysis. He was sixty-seven years of age and is survived by three brothers, Timothy, Thomas and Joseph, and four sisters, Mrs. Mary Pierce, of Cincinnati, Mrs. Dennison, of Bosworth, Canada, Miss Annie and Miss Rachael, of this city.

Rev. F. W. Harrop will conduct the funeral service Saturday morning at 10 o'clock at the old Mendell residence in the West End. Interment in the Maysville Cemetery.

Mr. Mendell had been gradually failing for a year or two. His life was spent in this vicinity, where he was known as a quiet, peaceable citizen.

Mr. Mendell was a graduate of the Cincinnati Commercial College, and was awarded the highest honors of his class. Yet he never put his knowledge to much practical use, preferring the enjoyment and pleasure he found in his books.

Abe Belger, a Mayslick negro, came to town Thursday, taiked up on liquor and then got in his buggy for his return trip. In his drunken stupor, he hardly knew where he was going, however, and the horse trotted about town two or three hours, making a trip through the L. and N. yards, without colliding with anything. Chief Donovan ran him in at 11 o'clock. He will settle with Judge Whitaker to-day.

The Dover News says there is a big church scandal at Ripley.

The venerable Mrs. Mary G. Runyon, of Lexington, celebrated her ninety-third birthday Sept. 16th.

The BULLETIN is in receipt of a complimentary to the Yellow Ribbon fair at Aberdeen, Oct. 17th and 18th.

Ebenezer Presbytery met at Covington Thursday to consider the call of Rev. Joseph Rennie to Norfolk, Va.

Mr. Perry Jefferson, of Carlisle, has purchased Dr. G. W. Grimes' handsome residence in that city for \$6,500 cash.

Charles Butler, of Paris, purchased of W. L. Johnson, of Winchester, his fine herd of short-horn cattle at \$200 a head.

Rev. Dr. G. H. Routt celebrated the fortieth anniversary of his pastorate at Versailles Presbyterian Church this week.

Miss Addie Yancey of Mayslick has received a State teacher's certificate, having passed successfully at the August examination.

Rev. Josiah Godbey, the new pastor, will preach at the Dover M. E. Church, South, the second and fourth Sundays in each month.

Two years ago Mr. John Jochum, formerly of Dover, purchased 219 acres of land near Lexington for \$83 per acre. He recently sold the land at \$112.50 per acre, clearing the neat sum of \$6,460.50.

In the case of Swice's administrator vs. the M. and B. S. Railroad Company, pending in the Court of Appeals, the motion to advance was sustained and case advanced and submitted, with fifteen days to appellee to brief.

Mr. John I. Winter has sold a half interest in his furniture business to Mr. John W. Tilton, one of the good citizens of Carlisle. The style of the firm will be John I. Winter & Co. Maysville extends a cordial welcome to Mr. Tilton.

Two coal barges became loosened from their moorings at Ripley the other night and floated away, but the strange part of it was that they floated up stream and were caught about Red Oak Creek, says the Bee. The river is so low there is no current noticeable in places.

### CLIFT-COOK NUPTIALS.

Popular Couple Stole a March on Their Friends Thursday and Were Married in Cincinnati.

Mr. W. E. Clift of this city and Miss Mamie Cook of Wedonia were quietly married Thursday at noon in the parlors of the Grand Hotel at Cincinnati.

The couple stole a march on their friends, as the marriage was not expected to take place until later in the month.

The couple left Maysville on the 10 o'clock train Thursday morning, accompanied by the bride's sister and one or two intimate friends, the ceremony being solemnized shortly after their arrival at Cincinnati. Mr. and Mrs. Clift will return Saturday evening and will be at home at Mrs. J. D. Wood's on Third street, where a handsome suite of rooms await them.

The bride is a daughter of Mr. and Mrs. Charles Cook, of Wedonia, and is one of the county's lovely and estimable young ladies. The groom is a son of Mr. B. F. Clift. A host of friends throughout the county unite in congratulations and good wishes.

The new Baptist Church at Fairview will be dedicated next Sunday, Rev. Dr. W. P. Harvey of Louisville preaching the dedicatory sermon. A large crowd is anticipated.

Ebenezer Presbytery (North) meets in Pikeville the last Tuesday in this month. At that time a new school building, forming a part of the Pikeville Collegiate Institute, will be dedicated, Rev. W. C. Condit, D. D., of Ashland, preaching the sermon.

Owing to the high price of coal, many Kansas farmers will burn corn this winter. Corn will be plentiful, and as there is an abundance of alfalfa and sorghum for feed, corn will be utilized for heating purposes. Kansans have not burned corn since the late '70s.

### HOWARD'S CHIEF WITNESS.

H. C. Robinson Indicted for False Swearing  
Fails to Show Up.

FRANKFORT, Ky., Sept. 17.—H. C. Robinson, of Breathitt County, the chief alibi witness for Jim Howard, and who is under indictment here for false swearing in that case, failed to answer when his case was called for trial in the Franklin Circuit Court to-day. His bond of \$500 was declared forfeited, and a warrant of arrest was issued. Robinson's bond was furnished by N. I. McDaniel of this city. Robinson is the man who located Jim Howard in the office of the Board of Trade Hotel at the time of the shooting of Gov. Goebel. He admits, under oath, that he had told a different story of his whereabouts to well-known and reputable citizens of Breathitt County.

Several witnesses for the defense in the Robinson perjury case arrived this afternoon to give their testimony. They say that Robinson has not been in Breathitt County for several days past, and that it is believed there that he has gone to Indiana to join Taylor and Finley.

Died, suddenly, Sept. 13th, at the home of her daughter in Cartersville, Mo., Mrs. Mary (Pickett) James, wife of Robert James. She was a daughter of William Pickett, formerly of this city, and leaves many relatives in Maysville and Mason County. She is survived by five children.

If you want to purchase the purest and best goods on earth go to G. W. Rogers & Co., 127 Market street, where you will find old Bourbon and rye whiskey, apple and peach brandy, California brandy, malt gin, California port, cherry and Maderia, K. I. sweet Catawba and dry Catawba wines &c. We guarantee all of our goods to be strictly pure.

Mr. George Hauke is on the sick list.

### Studying the Pollution of Ohio Streams.

The Ohio State Board of Health is this season continuing the investigation of the pollution of the important streams of the State. The United States Geological Survey is co-operating with the State Board of Health by measuring the flow of the rivers under investigation. The work is one of particular importance on account of the large number of towns which use water for municipal supply from streams already polluted by the sewage and manufacturing refuse of cities located at higher points upon them. Problems of this nature are being presented to all of the central Western States, but the Ohio State Board of Health has taken the lead in the investigation of its polluted streams, and is taking preliminary steps to do away with this menace to the public health. Among the more important rivers under investigation are the Sandusky, Maumee, Scioto and Olentangy. In addition to these a number of smaller streams whose waters are now used, or may soon be used, for municipal purposes will also receive investigation.

State Auditor's Agent Watson has filed an agreed settlement with Frank Armstrong, individually, and as heir-at-law of John Armstrong, deceased, for taxes on personalty omitted from assessment for years 1896 to 1902, inclusive. The total is \$18,850, on which the county receives \$119.74 taxes, the State \$93.19 and the Auditor's Agent \$42.85.

You surely can have a handsome clock in your home, and you will have, if you will look in our show window and see our handsome line of clocks at low prices—all marked in plain figures and warranted perfect time-keepers.

### PITHY POINTS.

How unbecoming in any one calling herself a woman to sit crossways of a seat in a crowded rail car and force gentlemen to either stand or pass on to another coach, or worse, to the smoker, as we saw this week on a train from Cincinnati! Truly, selfishness is the bottom of all sin and meanness.

### Ninety-Eight Per Cent.

There is a fascination about big profits to a business man. But the conservative and cautious trader prefers to have the lesser per cent. of interest and the larger per cent. of safety in his investments. There is no business man who would not consider it a sound proposition to invest in an enterprise in which absolute loss was impossible and which offered ninety-eight chances in a hundred of a rich profit. The statistics of cures effected by Dr. Pierce's Golden Medical Discovery show that ninety-eight per cent. of cases of "weak lungs" can be absolutely cured. Almost if not all forms of physical weakness may be traced to starvation. Starvation saps the strength. The body is just as much starved when the stomach cannot extract nutrition from the food it receives as when there is no food. "Weak lungs," bronchial affections, obstinate coughs, call for nourishment. "Golden Medical Discovery" supplies that nourishment in most condensed and assimilable form. It makes "weak lungs" strong by strengthening the stomach and organs of digestion which digest and distribute the food, and by increasing the supply of pure blood.
